## TEUTON-RUSS TRUCE IS TODAY'S RUMOR

Amsterdam Reports Unconfirmed Rumor of Agreement Being Arranged

### SUSPENSION PERIOD IS NOT INDICATED

Purpose Is to Give Time In Which to Effect Political Reorganization

LONDON, May 18.—Cessation of hostilities between Russian and German soldiers is being arranged, according to unconfirmed rumors reaching here today from Amsterdam. The truce is being arranged, it is reported, to permit Russia's political reorganization. The period of suspension of fighting between the two armies is not indicated, beyond the announcement that if a truce is arranged it will be of sufficient duration to reorganize the country, with a possibility of peace terms becoming permanent.

### SELECTIVE SERVICE MEN TO FIGHT GERMANY ONLY

WASHINGTON, May 18.—The Senate amended the urgent deficiency bill so that the selection of men for service pertains only to the war with Germany for a period to end four months after peace with Germany. There is a House amendment to the revenue bill so that every person paying an income tax for the last year must pay a third of it now, in addition to a new tax.

### DISCUSSING MEANS FOR HELPING "WAR MOTHERS"

WASHINGTON, May 18.—Congress and cabinet members are discussing means for the government helping "war mothers." The suggestions include the institution of children's bureaus; rural nursing service in each county; county center for free maternal and infant welfare information and county maternity hospitals. Promoters say that the expenses of these must be met by public appropriations and not by charity contributions, as it is for the public good and these families of soldiers must be especially safeguarded, if the war is to be waged to make democracy prevail.

### CLUB WOMEN ARE OPPOSING REPEAL CHILD LABOR LAW

NEW YORK, May 18.—Clubwomen and social workers everywhere are protesting against the proposed war-time repealing of the child labor law. Mrs. Catt president of the Women's Suffrage Association, says: "No greater crime could be committed during the war than the repeal of this law. Let women and old men replace conscripted workers."

### COALITION CABINET HAS BEEN COMPLETED AND ACCEPTED

PETROGRAD, May 18.—The Russian coalition cabinet has been completed and accepted by both sides. It includes six Socialists.

### LENS FIRED, INDICATING EVACUATION OF TEUTONS

LONDON, May 18.—Lens is being set afire and building dynamited, apparently preceding a German evacuation.

### STRIKE VOTE IS TAKEN TODAY BY ESPEE MEN

SAN FRANCISCO, May 18.—Eight thousand members of the four railroad brotherhoods employed by the Southern Pacific are taking a strike vote today. Claims that the railroad refused to deal with a joint committee which attempted to settle some 300 grievance complaints said to be of long standing, led to the vote.

Both sides express hopes for an amicable agreement.

### IMPALED ON TONGUE OF BUGGY, MAN DIES

OXNARD, Cal., May 18.—Colliding with a buggy as he was driving his auto last night, Dan Childers was impaled through the mouth on the tongue of the buggy. He died this morning, four hours after being rescued.

When rescued Childers was conscious but was unable to speak, his organs of enunciation being destroyed.

## RUSSIA SOON WILL HURL ARMIES UPON TEUTONS, IS BELIEF

LONDON, May 18.—Encouraging news that Russia had settled her domestic troubles and that the Russian army's power is by no means lost, gave ground for belief here today that the allies can soon count on Russia bearing her part in the general onslaught on Germany. The prediction was voiced in several quarters today that Germany might soon find the necessity of hurrying back to the Russian front some, if not all of the reputed 600,000 men she is recently reported to have withdrawn from those sectors on the west front.

The restoration of complete amity between the duma government and the soldiers' and workmen's council, foreshadowed in Petrograd dispatches today indicating acceptance of the coalition cabinet, will be immediately reflected in the Russian army, it was believed here.

## 130 DIE IN SHIP DISASTER, FEAR AT BAY CITY

Missing Men Adrift In Lifeboats Launched At Midnight, May 14

SAN FRANCISCO, May 18.—More than 130 men are missing and may have perished following the wrecking of the three masted ship Standard of the Libby McNeil and Libby cannery fleet on the shoals of Cape Constantine, Bristol Bay, according to radio-grams received today by the U. S. naval radio station at Goat Island.

The missing men are adrift in lifeboats which were launched when the vessel struck at midnight on the night of May 14. Only 29 men had been picked up when the last dispatches were received by the naval radio. The exact number of those missing cannot be definitely stated until the uncertainty as to the number of cannery employees aboard can be cleared up. One report here is that 150 persons in all were on the vessel, but a Seattle dispatch asserts that there were 150 cannery men on board in addition to the crew of 77.

The Standard was under the command of Captain C. Christianson, with C. Swanson first mate, and C. Frandsen second mate. She left here April 5 for Bristol Bay carrying new employees to the canneries on Bristol Bay.

Wireless advices from St. Paul, Pribilof Islands, in Behring Sea, declares the vessel began to break up May 16, after going ashore the preceding midnight. Five lifeboats were then launched, only one of which had been picked up at last reports.

This is the second disaster to ships of the Libby, McNeil and Libby fleet in a few weeks and the fourth disaster in the same region this season. The Libby windjammer St. Francis went ashore in Unimak Pass, and broke up. The bark St. Catherine and the tender Thistle have also been wrecked near the same spot.

Cape Constantine is the western point of entrance to the estuary of Nushagak river.

### ALLEGED GERMAN SPY IN SERIOUS CONDITION

SAN FRANCISCO, May 18.—Lieut. Frank Wolf, alleged German spy, is suffering from a nervous collapse and not from poison taken with suicidal intent, federal officials declared today after physicians investigated his case. He is now at a hospital in a serious condition.

While Wolf is in the hospital, his story is being checked up and the government representatives are not yet ready to give it full credence. Discrepancies inject the possibility that he was acting in order to save himself from the death penalty.

### EMBRYO OFFICER AT PRESIDIO MUST FACE L. A. ALIMONY COURT

LOS ANGELES, May 18.—Sidney W. Holt, one of the embryo officers at the Presidio training school, is wanted in Los Angeles to appear in court regarding an alimony settlement. The question of whether the court or the army could claim the man was decided by Superior Judge Wood in favor of the former, and the sheriff's office was ordered to return the former assistant to the Santa Monica police chief here for appearance.

## NO END TO WAR TILL U. S. PUTS WHOLE POWER IN SCALES

—LORD DERBY

End Not In Sight, America Must Strike Hard, Says Kitchener's Successor

BY LOWELL MELLETT (United Press Staff Correspondent)

LONDON, May 18.—"This war will not be over until the full weight of America has been thrown into the scales; not until America begins making war as though she alone faced Germany, will there be a possibility of predicting when the end will come."

So spoke Lord Derby, England's secretary of state for war—Kitchener's successor—today. And then he added, emphatically:

"The bigger blow America is able to deliver, the sooner she delivers it—the quicker the war will end and the new order of things be assured."

The United Press correspondent went to Lord Derby for some expression of belief on the duration of the war and of what part America should take in the fighting. He found the secretary firmly of the belief that the end is not yet in sight. "America has a big part to play in this struggle to abolish the menace of militarism. America must strike hard. We hope she will strike quickly."

Makes Fateful Forecast

Here the British war head suddenly paused, swung about in his chair, faced the blank wall of his office and reiterated, as though seeking to project his thoughts across the ocean:

"This war will not be over until the full weight of America has been thrown into the scales—her full weight."

"Don't let America be misled. Germany's active propaganda right now is directed to that purpose. In every way possible, Germany is throwing out the idea that the war's end is in sight. Germany would like this to be so."

"Germany has reached—if not proved—the crest of her military strength. She knows every day she is weaker by so many men."

"She is ready to quit—on her own terms."

"She is ready to fight a long, long time yet before accepting the terms that the world's democracy demands to safeguard the future."

Terrible Fight Ahead

"It has, and still will be a terrible fight. Lord Kitchener, sitting in this very chair, said it would be a long war. Not until the English people felt themselves exerting their full strength did they realize how wisely he spoke."

"May America's realization not be so long delayed; Kitchener's message comes to Americans afresh. I hope they get that message."

It was late in the evening Thursday that I first talked with Lord Derby. The room was slowly darkening. The war secretary, as he spoke these last words, paused and smoked furiously. His face and form were half hidden. In the haze of tobacco smoke and dusk of the room, it was easy for the imagination to conjure up the piercing gray eyes of the silent "man who knows"—Kitchener—who, sitting at the same desk, fought and defeated British apathy when that effort seemed hopeless.

U. S. Will Start Quickly

"Americans are quicker at some things than the British," Lord Derby resumed, after a moment. "I believe America will get a quicker start than we did—if the people appreciate the size of the job."

"Can the American war units be trained as rapidly as the new units of the British army—that is, in three months?" was asked.

"There again American quickness will probably show itself," the war secretary returned. "That the British are now able to train men in three months is partly due to their dealing with seasoned organizations from the front."

"But I should say that three months' training in America, plus a certain amount of necessary training in France, would make the fittest kind of soldiers from entirely raw materials."

Up to U. S. Soldiers

"The matter of getting a small American contingent over here even earlier is one which American soldiers must decide for themselves, but I have no doubt of the effect it would have on the British."

"The French are less stolid and it would affect them even greater."

"What about Americans on the Russian front?" Lord Derby was asked.

"That is entirely a matter for soldiers to decide. It certainly could not fail to inspire the Russian people."

"There's another phase of this question of moral effect about which little has been said—and that is the effect

## 4021 TEUTONS ARE SEIZED BY LATINS; TRIESTE IN TERROR

ROME, May 18.—Italian forces have taken 4,021 prisoners to date in their offensive against the Austrian lines.

The official statement in reporting these captures today stated that enemy attacks in the Carso region had failed with heavy losses. These assaults were directed against Mounts Vugonaco and Fatti.

East of Gorizia the Italians occupied the height of Gazigna.

ROME, May 18.—Austria has ordered all civilians to evacuate the Isonzo section in which Italian troops are steadily forging ahead today. Trieste is panic stricken at the approach of the Italians, according to word received here. All banks have been closed and the government offices and the leading business houses have hurriedly shipped all records to Vienna.

Most of the Austrian prisoners taken so far by the Italians were from divisions recently detached from the Russian front, it was announced today.

General von Falkenhayn is still at the Austrian front, attached to the Austrian general staff.

on the German people when America actually takes the field. Think what it means! Many Germans have looked to America as a sort of haven. Many have been struggling for years in the hope of emigrating there. Now it will seem that the gates are closed. This effect on the German people may possibly be the most important single proof of the system for which they are being slaughtered to defend.

Tremendous Effect

"No one can question the tremendous effect of the first appearance of an American army—however small—in the fighting line."

"But after all, that's not the main thing. That won't end the war."

"Not until America begins making war as though she alone faced Germany will there be a possibility of predicting when the end will come—and I know that is the spirit in which the American nation is taking up the conflict."

Ten murders during the last six years now have been accounted for by Pedone. Three of the victims, according to his story, were buried by lantern light in the hills back of Glenwood, Santa Cruz county. All details of Pedone's story are being checked up, the postoffice department being interested owing to the use of the mails in the blackmailing operations.

The authorities have arranged to interview Pedone's brother, now serving 15 years in San Quentin.

FAREWELLS ARE SAID AT BEACH G. A. R. CAMP

LONG BEACH, May 18.—The fun of the veterans assembled here this week is tempered with sadness today, for this is the closing day of the annual G. A. R. encampment of the California-Nevada department, and farewells to old and new friends are in order.

Southern California veterans, however, are far from sad. They rejoice over the election of Charles H. Haskins of Los Angeles as department commander. He will move the department headquarters to Los Angeles, and name a Southern California veteran assistant adjutant general.

Other officers elected follow: Senior vice commander, H. G. Thompson, Oakland; junior vice commander, Barney Brown, Long Beach; chaplain, Rev. C. H. Norton, Torrance; surgeon, S. W. Hopkins, Mrs. Carrie L. Hoyt of Berkeley, was elected head of the Woman's Relief Corps, and George B. Whitted, Long Beach, was elected head of the Sons of Veterans.

Resolutions favoring a dry and moral army and asking prohibition of use of cereals in liquor manufacture were adopted.

UPTON SINCLAIR ASKS POLICE PROTECTION

PASADENA, May 18.—Declaring that an Austrian who disagrees with the writings of Upton Sinclair has wound up his letters to the author with a conviction that he would benefit humanity by killing him, Sinclair today sought police protection. It is believed the man will be put under bond to keep the peace.

BUYS \$1,000,000 LIBRARY

NEW YORK, May 18.—Henry E. Huntington will soon come into possession of the \$1,000,000 Bridgewater Library, one of the most famous in the world. The books were purchased by George D. Smith from the Earl of Ellesmere, Smith acting as agent for Huntington.

## CITY'S RECEIPTS ARE BALANCING EXPENSES, NO DEBT AHEAD

Time of Next Tax Collection Will Find S. A. Incumbance Free, Forecast

With \$62,508.73 cash on hand, license and franchise money to be collected, and the water department more than taking care of itself, the city of Santa Ana will in all probability get through to the next tax collecting period without going in debt.

City Clerk Vegely today received a check from County Tax Collector J. C. Lamb for \$31,565.86 for collections on the second installment of city taxes. This, with a check for \$29,445 received a few days ago for redemptions on properties which went delinquent on the first payment, and other money on hand, gives the total of \$62,508.73.

With the operating expenses of the city averaging about \$10,000 per month, and about seven months before more tax money will be available, the city will be able to squeeze through without a deficit by exercising economy.

The tax money just received has been apportioned to different funds as follows: General, \$13,626.58; the street fund, \$6131.95; sewer, \$1135.54; fire, \$1816.87; advertising, band and park, each \$227.11; water bonds, \$4315.09; fire bonds, \$454.22; sewer, \$1135.55; city hall, \$454.22.

## 'BLACKHAND' SEARCH LEADS TO LOS ANGELES

SAN FRANCISCO, May 18.—Investigations by federal officers reaching to Los Angeles, Santa Cruz and Santa Clara counties are in progress today as a result of additional revelations of the operations of a "blackhand" ring centering around San Francisco Bay, made by Joseph Pedone, under life sentence for murder.

Ten murders during the last six years now have been accounted for by Pedone. Three of the victims, according to his story, were buried by lantern light in the hills back of Glenwood, Santa Cruz county. All details of Pedone's story are being checked up, the postoffice department being interested owing to the use of the mails in the blackmailing operations.

## FIRST CONTINGENT OF U. S. DOCTORS IS SAFE IN ENGLAND

LONDON, May 18.—The first contingent of the United States army medical unit arrived in England today, according to official announcement.

The officer in charge of the medical unit said the members were "crazy to get into action," that while tired after their voyage, they were anxious to hurry on to the French battle front.

"Those at home are anxious to come," he continued, referring to other medical units now forming in the United States.

The army medical unit was welcomed on the deck of the vessel on which they arrived by a British General, American consul, Colonel Bradley, representing the American embassy, and other officials. Both the Stars and Stripes and the Union Jack were flown on the vessel and on decorations in the city in the Americans' honor.

All British commented admiringly on the fine appearance of the khaki clad Harvard men.

## BURNING TEUTON FORTS HERALD NEW RETREAT

Hindenburg Hard Pressed By British; Italians 12 Miles From Trieste

LONDON, May 18.—Learning at terrible cost in men that the British and French hold on the Hindenburg outer line at Bullecourt and Craonne cannot be shaken, Germany seems to be making ready for another "strategic retreat."

From the French front today came word that the enemy was adopting precisely the same tactics in "covering," in burning towns and villages and in transferring forces as those which preceded the other famous retreat to the Hindenburg line.

In view of the latest British success achieved at Bullecourt, strengthening the present grip on the Hindenburg line, military experts here predicted a German retirement probably would be around the two pivots of the Hindenburg line—at Lens and Laon, possibly starting a complete movement between those two cities to the Douai-Cambrai permanent section of the long prepared Hindenburg front.

Meanwhile, the greatest interest outside of its own fighting front was centered here on the great success which is attending the Italian drive toward Trieste. Unofficial dispatches made the Italian victories of the past few days even more brilliant than the official statements have indicated. General Cadorna's forces were today reported a bare twelve miles from Trieste and advancing hour by hour, while inflicting heavy losses on the enemy.

The weather has been rainy, hampering big operations during the last two days, according to British front dispatches today. Field Marshal Haig's official report today bore out this indication of inactivity. It said:

"Northeast of Armentieres two hostile raiding parties were beaten off early in the night."

No mention was made of further fighting at Bullecourt or elsewhere on the Hindenburg line.

### GRENADES REPULSE TEUTON BLOWS AT CRAONNE

PARIS, May 18.—Persistent German attacks on the northwestern slope of Craonne were repulsed by French grenade fire, today's official statement reported.

In Champagne, the war office said, there was considerable artillery activity. In Lorraine French reconnaissances penetrated German lines.

### ALL SHIPS TO RUSH SUPPLIES TO EUROPE

WASHINGTON, May 18.—Under a prospective arrangement by the United States with the allies all available American trans-Atlantic shipping for the time being will carry supplies to Russia, France and Italy. Repaired German ships are being put into service as fast as possible. Requests for tonnage to take coal to France and Italy and general supplies to Russia are besieging the government.

### GERMANS EATING CROWS

NEW YORK, May 18.—The food shortage in Germany is so acute that crows have a market value of forty cents apiece, according to an American doctor who is here today from Berlin.

## MILITIA TO BE SENT ABROAD, BELIEF

State Guards Will Be Sent to Training Camp In Three Units

### COMPANIES TO RECRUIT TO FULL WAR STRENGTH

Selective Service Men Are to Train After Militia Vacates Camp

WASHINGTON, May 18.—The militia is to be called into the federal service, it was today announced. The men will leave in three units for their training camps, one on July 15, one on July 25, and the other on August 5. The training will be intensive instruction in modern warfare.

Commanders are authorized to recruit to full war strength but the companies will be sent to camps regardless of whether they are at full strength or not.

It is estimated that from six weeks to two months of training will be sufficient, after which the selective service men will be trained.

It has not been announced, but it is assumed that the militia will be used in European service.

The California and Arizona militia will be called August 5.

## DRUNKENNESS WILL NOT BE TOLERATED IN CAMP

SAN FRANCISCO, May 18.—Orders calling for a second physical examination of student officers at the Presidio training camp were issued today and already have resulted in the dismissal of six men for physical defects, five having been from the engineer's corps. At the same time two men were dishonorably discharged for drunkenness.

Rigid enforcement of orders against having liquor on the grounds was announced today.

The new examinations designed to reveal anything overlooked in the first tests are in progress together with plans for the reorganization of companies, in accord with the same orders.

The men were given their first taste of "kitchen police" yesterday, and many for the first time made the acquaintance of mops and dishrags.

Ralston D. Wilbur of Spokane, famous athlete, with an income of \$30,000 monthly, industriously scrubbed the floor of the engineers' quarters, while his three automobiles stood idle.

## MIDDLEMEN CHARGED WITH FEEDING FOOD TO HOGS TO HOLD PRICES

WASHINGTON, May 18.—A widely known food producer has laid charges of a nation-wide middlemen's trust before the House Agriculture committee. The information caused the department of justice also to investigate documents, etc., submitted. Various cities corroborate stories of agreements among middlemen to bolster prices, by feeding food to hogs and by the destruction of storage foods.

## U. S. WARSHIPS BEAT OFF ATTACK ON LINER

LONDON, May 18.—In their first engagement with enemy submarines, American destroyers beat off a German U-boat which sought to attack the White Star liner Adriatic, according to the London Chronicle today. The Adriatic was convoyed over a certain distance by the American war vessels on their way to Queenstown.

PUBLIC MARKET OPENS AT 7 O'CLOCK IN MORNING

Market Master Balderston Has Everything In Readiness For First Day

Santa Ana's municipal market opens tomorrow morning at 7 o'clock. Market Master Balderston says that there will be sufficient produce on hand to take care of the wants of all who come to the market and that none but actual producers will have stalls. Fish, every kind of vegetables, flowers, etc., will be on sale.

An office for the market master has been completed, and from its top waves the American flag. The office is on the north side of Third street, between Birch and Ross streets.

The market will be open three days each week—Tuesday, Thursday and Saturday. There has been no attempt to get a large number of stalls rented, it being deemed better to have a small number at the start so that those growers who take stalls will be sure of cleaning up the produce brought in.

TELLS RIGOR OF TEUTON RULE IN FRANCE

BY HENRY WWOOD (United Press Staff Correspondent) WITH THE FRENCH ARMIES, April 23 (by mail)—Germany's efforts to "Kulturize" the occupied districts of France and Belgium by the introduction of German "system and organization" reached such a degree that the civil population was subjected to fines of the most extortionate amounts if their watches and clocks did not agree to within a few seconds of the official time as established by the "Kommandantur."

Every new town retaken by the French armies reveals fresh facts regarding the almost incredible system employed by the Germans to "Germanize" the local inhabitants.

Officials had the right to stop any civilian on the street and demand that he show his watch. If the hands varied even in the slightest degree from the "German official time" as carried by the officer, the unfortunate civilian was heavily fined.

Officers could also enter private houses to look at clocks. If the latter did not have enough "German system and organization" in their mechanism to register the hour as fixed by the "Kommandantur," the unfortunate house owner was subjected to a fine so severe that it amounted to confiscation of property.

While the system of fines originally was ostensibly for the purpose of bringing the civil population up to the German standard of "discipline, system and organization," this pretext has now been completely abandoned.

Forced as the Germans now are to realize that they cannot hold indefinitely the occupied districts of France and Belgium, the fine system is now being used for the open purpose of extorting the last penny from the civil population possesses while they still have it in their power to enforce the extortion.

At Brussels alone the fines now being imposed are declared to amount to millions of francs every month.

Some idea of the nature and amount of these fines can be secured from the following cases in towns recently retaken by the French.

At Culvry, two horses were in some mysterious manner injured in a stable. For this four inhabitants who knew nothing about the affair were found guilty and forced to pay 3,000 marks.

At Igny-le-Gay a house was burned down by the Germans themselves. Nevertheless, they charged that the owner had set fire to the structure. The village as a whole was held responsible and forced to pay 10,000 marks.

At the same village a civilian was heavily fined for driving a horse which the Germans declared was not sufficiently curried. As a search of the man's premises failed to reveal sufficient money to pay the fine, he was given fifteen days in prison.

Failure in every instance to produce the amount of cash fined by the Germans is invariably followed either by deportation or long prison sentences.

Higher-Ups Imprisoned At Channy, three prominent citizens were imprisoned. An offer was then made to release them upon surrender of a certain amount in municipal bonds. These the three men finally secured, whereupon the Germans decided they wanted the amount demanded in cash instead of bonds, refused to accept the latter, and confined the three men in a humid room without fire, light or bedding and a diet of a pint of coffee in the morning and a piece of bread in the evening.

The men were kept in this condition until friends succeeded in raising in the neighboring villages the sum demanded.

Up to date five cemeteries have been found at Bray, Christophe, Champion, Amy, Buerignies and Crapeantun where all of the more promising looking tombs had been stripped not only of the metal lining but of any objects of silver that adorned them.

Not in a single instance were the bodies ever placed back in the tombs and can only be supposed that the remains were scattered to the four winds.

OFF TO CATALINA TO ARRANGE FOR COUNTY CAMP

Secretary Cole of Y. M. C. A. Will Inspect Equipment On the Island

Ralph G. Cole, secretary of the county Y. M. C. A., went to Los An-

geles this morning on business connected with the coming summer camp at Catalina, and may secure young men to assist as leaders at the camp. He was accompanied by "Shorty" Smith, coach at the Santa Ana high school.

Before returning home Cole will go to Catalina, in company with Secretary H. J. Rounds of Pasadena, for the purpose of examining the camp equipment and grounds. It is expected that some new equipment will have to be bought. Secretary A. H. Maxwell, of San Bernardino, was to have accompanied the secretaries. Cole got word last night that Maxwell had met with an automobile accident, in which he sustained a fractured collar bone.

The Pasadena Y. M. C. A. will be the first to go into camp, June 18 being the date. Orange county will follow on July 2 and San Bernardino on July 18.

GO TO OKLAHOMA TO BE WITH THEIR CHILDREN

TALBERT, May 18.—Mr. and Mrs. Samuel T. Burgess left Thursday over the Southern Pacific from Los Angeles for Nash, Okla., where they expect to reside. It is not easy for them to leave Wintersburg, having lived on the same ranch for over six years. But they have sons and daughters in the Oklahoma city and need their companionship and comfort in the sunset of life.

S. T. Burgess, who will be 73 years old July 14, was an Iowa pioneer, coming to that state in 1854, when wild game—especially deer—was roaming un molested over the prairies. He settled on a farm near Indianola, Madison county, and later moved to Warren county, near Milo. About fifteen years ago, he went to Missouri and remained eight years. Then he moved to Oklahoma, where one and a half years were spent, then on to California, which state he likes best of all. Of the nine children living, all are in Oklahoma but two daughters, the eldest, who lives in Long Beach, and Mrs. Claude Graham, of Palo Verde. The Burgess made a trip east last summer, visiting their old homes in Iowa and Oklahoma. Should they not be satisfied in the new home, they have this property here and can return. The automobile has been disposed of, horse, cow, chickens, etc., sold to Professor H. O. Ensign, who has leased the place and will take possession at once.

Mr. and Mrs. Burgess carry with them the very best wishes of the Wintersburg people for a pleasant trip and all the joy and comfort they are anticipating in the new home.

SCOTTISH RITE MEN GATHER AT BOSTON

BOSTON, May 18.—From 400 to 500 leaders of the Scottish Rite Masonry are gathered here today from all over the United States to celebrate the "Jubilee year," which marks the semi-centennial anniversary of the union of the Supreme Councils, Scottish Rite Masons, of New York and Boston.

At 4 o'clock this afternoon the Massachusetts Consistory will work the twentieth degree in the Scottish Rite and at 8 o'clock the twenty-first grade will be exemplified.

Y. M. C. A. CANVASS FOR NATIONAL FUND STARTS MONDAY

'War Council' Members Will Solicit Personally For Subscriptions

The campaign to raise Orange county's \$2000 of the Y. M. C. A. national fund of \$3,000,000 for Y. M. C. A. work in the war camps will start Monday morning, with the forty members of the "War Council" working in every section of the county.

The members of the committee will devote two days—Monday and Tuesday—to soliciting the funds, and they hope to have the amount subscribed before they quit operations Tuesday afternoon.

Pastors of churches throughout the county will make pulpit announcements Sunday of the campaign and will appeal for the financial help of every member of their congregation. Secretary Cole has written each pastor requesting him to co-operate with the committee to the extent of making the announcement and appeal.

FEATHERED SONGSTER TELLS LOVERS SECRET

TALBERT, May 18.—The wedding ceremony of G. Hermann Frenger and Miss Agnes Kraemer, of Los Angeles, which took place in Orange Saturday was supposed to be kept a profound secret until next fall. Their acquaintance had been rather short, none of the friends suspecting a wedding, and to keep it quiet seemed an easy matter. The only person who had been taken into the young couple's confidence was the groom's mother, Mrs. Kate Frenger. And she did not tell, although the news came out immediately. It must have been the proverbial feathered songster, a most appropriate messenger of good news for these two, since both are talented musicians. The bride is a soprano vocalist and a student with one of the best voice teachers in the southland, while the groom is a pianist of exceptional ability and possesses a good baritone voice. Until last week, when he was called to the officers' training camp at San Francisco, he was a teacher of expression in the Fullerton high school. The bride, who is a graduate of high school and of the Los Angeles State Normal, wishes to continue her musical career. Mr. and Mrs. Frenger's plans for the future are uncertain owing to the war conditions. He will be at the Presidio three months.

ADOPTION OF CLOTH HAT BY FEMALE SPECIE ADDS TO BROTHER'S TROUBLES

LOS ANGELES, May 16.—Dick Latts stood on a street corner. Suddenly he snatched up his hat.

"No she hasn't," he exclaimed, and then when asked who hadn't he explained.

"Every time I see a girl with one of those cloth hats on I think she has mine. That's the trouble with them it makes a fellow feel like a Nance when he meets his hat on a girl."

"Besides your sister is always borrowing your cloth hat without permission."

# FEATURE STORY FOR THIS DAY BY UNITED PRESS

BY LOWELL MELLETT  
(United Press Staff Correspondent)  
LONDON, April 19 (by mail).—  
"Kultur." That, so Jan Jansen  
declared, is what Finland hopes to win  
from this war.

But Jansen, let it be added hastily,  
was talking in Finnish and he didn't  
mean the thing which German Kultur  
has come to mean to everybody ex-  
cept the Germans. The boss of the  
Russian branch bank in which Jansen  
is a clerk, and the bank's English in-  
terpreter explained what it meant.

Finland wants Finnish schoolhouses  
—with Finland's flag floating above  
them—filled with Finnish children  
learning their own language, literature  
and history. The Finnish people want  
the right to pursue their own way un-  
molested. They are ready to believe  
that the war not only will give them  
the right, but that, through the Rus-  
sian revolution, it has already done so.

Full freedom from Russian rule is  
not expected; but self-government in  
all affairs that solely concern Finland  
is part of the people's demand. They  
wish to manage their business affairs,  
to continue the development of their  
country, their road and harbor build-  
ing, for the benefit of themselves.  
Above all they want their nationality  
preserved.

Any American city or community  
that has its Finnish colony will under-  
stand this for in every such com-  
munity the center of the people's life  
is Finnish Hall, an institution devoted  
to culture rather than to hilarity. Finnish  
halls keep the native language alive  
as far as possible, even in America.  
It is easy to understand the implacable  
attitude of the Finns at home toward  
Russian efforts to stamp out their  
mother tongue.

Finland's complaint against Russia,  
now happily dissolving, was only a  
dozen years old, said Mr. Jansen. It  
dated from that extra-reactionary  
regime which following, and apparent-  
ly regretting, the Czar's concessions to  
the people in 1905, sought to upset all  
the benefits granted Finland. Since  
that time, Jansen declared, Russian  
governments sent to govern Finland have  
devoted themselves largely to the diffi-  
cult task of stamping out the identity  
of the Finns as separate people.

"Von Seyn concentrated on the job  
of making Russian moujiks out of the  
Finns," he said.

"The Finns are a peaceful, patient  
people. It is hard to see what the old  
time feared from them. Possibly it  
was simply a way of extorting more  
money; thirty million marks has been  
taken annually in taxes for the im-  
perial government in recent years,  
part of this being spent in the main-  
tenance of Russian officials and troops  
in Finland."

Finland, if all goes well with the  
war from this time forth, stands to  
win a great deal at comparatively  
small sacrifice. It will have its  
autonomy assured without ever hav-  
ing put a soldier in the field.

But the Finns have felt bitter, nev-  
ertheless. The men have not been  
slaughtered, the women and children  
have not been brutally mistreated.  
Only their language, their literature  
and their cherished institutions have  
been put to the sword. The murder  
has not been complete, however, and  
probably never would have been. The  
Finns accepting such suppression out-  
wardly probably would have contin-  
ued secretly their loyalty to their own  
for many generations to come, had not  
the revolution intervened to make  
secrecy unnecessary.

## ZANGWILL SEES JEWISH DREAM COMING TRUE

BY LOWELL MELLETT

(United Press Staff Correspondent)

LONDON, April 22 (by mail).—The  
Republic of Judea or the Republic of  
Israel, a home-rule nation—under the  
protectorate of the United States of  
America! Site, the land of their  
fathers, Palestine; capital, Jerusalem.  
The world war, in the view of many,  
seems about to bring true the dream  
that has persisted through the centu-  
ries that the Jew has wandered the  
earth. He is about to have his own  
home back again to live there or visit  
in security. That this security should  
be maintained by America is the idea  
of Israel Zangwill.

"Such a protectorate," he said,  
"would be expected, of course, to en-  
dure only so long as was necessary to  
see the Jewish nation firmly estab-  
lished among the nations of the earth."

This statement to the United Press  
by the great leader of Jewish opinion  
is significant for its indication of a  
meeting between the efforts he has  
led and the efforts of the Zionists, of  
whom Louis D. Brandeis has been the  
most prominent in America. The  
Zionists have made Palestine their  
sole objective. Zangwill's organiza-  
tion has urged that it is more impor-  
tant that the Jews should colonize  
somewhere at the earliest possible  
time than that they should return to  
their own ancient land. Admitting the  
strength of the tie that binds them to  
Palestine, he has urged that if this is  
not feasible they should settle else-  
where. He has in the past sought the  
British government's aid for a pro-  
posed settlement in South Africa, Can-  
ada or Australia.

Now, he agrees, Palestine itself  
seems within reach.

The eyes of thirteen million Jews,  
scattered throughout the world, are on  
General Murray's army now seeking to  
drive the Turks out of the country  
that the Jews once had. From this  
thirteen million, perhaps, should be  
excluded the six hundred thousand  
Jews who are fighting in the various  
armies; they, by fates irony, will be  
last to know that the war may mean  
something for their race.

There is a strong belief in England  
that the restoration of Palestine to the  
Jews would be a profitable political un-  
dertaking for the British.

"It is not expected," said Zangwill,  
"that all the Jews of the world would  
flock there to make their homes. It  
is my belief that the Jewish agricul-  
turalists who find living difficult else-  
where should be aided to return and  
that they should form the basis of the  
new nation. Jerusalem's location  
might make it the site for a great com-  
mercial or trading city, but the im-  
portant thing is not to draw there  
those who have prospered in other  
corners of the globe but to care for  
the great numbers of oppressed in  
other lands."

"With a Jewish nation established,  
the Jews everywhere would feel they  
have a home again, whether or not  
circumstances permitted them to live  
there themselves."

Zangwill won the support of Joseph  
Chamberlain and Winston Churchill to  
his colonization scheme before the  
war, but South Africa, Canada and  
Australia opposed it in turn. A Jew-  
ish nation in Palestine is another  
matter.

The menace which Turkish posses-  
sion of Palestine offers Egypt and the  
trade route to India must be removed,  
British statesmen agree. Even before  
the war many considered the re-crea-  
tion of the Jewish state the best solu-  
tion. Opinion changed, however, dur-  
ing the war, largely because of the  
sympathy many Jews of German ori-  
gin in America admitted for Germany.  
It was feared that a nation sym-  
pathetic toward Germany would be a  
dangerous one to have so close to this  
strategic link in the British empire.

The Russian Revolution has changed  
this. Jewish sympathy, alienated by  
the treatment of the Jews in Russia  
under the old regime has been won  
back by the new regime. Jacob  
Schiff's declaration for the Allies, fol-  
lowing the announcement of the pro-  
visional government of equal rights  
for the Jews in Russia, was not the  
only one to come to the attention of  
the British government. A Jewish  
state in Palestine now would be a  
friendly—even grateful—state, it is  
believed.

Zangwill's idea of an American pro-  
tectorate is based on the desire that  
Jewish interests should be protected  
by a great power that had no self in-  
terest there to serve. Whether such a  
protectorate would appeal to British  
statesmen is doubtful. It is more  
likely that in case a Jewish nation is  
set up, Great Britain herself will gar-  
rison the country until law and order  
and the stability of the new govern-  
ment is assured.

Cablegrams received by the Jewish  
Daily News at New York from Petro-  
grad have stated that Prime Minister  
Lvoff and Minister Kerevsky, address-  
ing crowds on May Day pledged the  
Russian provincial government to  
work for the establishment of a Jew-  
ish state in Palestine.

## LETTER TELLS OF INJURY AT FRENCH FRONT

Grandson of Westminster  
Woman is Wounded—De-  
tails Are Not Received

WESTMINSTER, May 18.—Mrs. C.  
Dometrius received a letter Saturday  
from her mother, Mrs. S. Wilson, who  
lives in England, that Leonard Char-  
lton Davies, grandson of Mrs. Wilson,  
and nephew of Mrs. Dometrius, had  
been wounded in France. He was Pri-  
vate L. C., number 4,380, Co. A—7  
Lancashire S. U. S., France B. E. S.  
Mrs. Dometrius is anxious to hear  
further particulars, but the extent of  
his injuries were not known at the  
time her mother wrote.

Edward Reuther was injured Mon-  
day by a horse kicking him just below  
the knee. The injury necessitates the  
use of a crutch for a time.

Herman Thompson went Sunday af-  
ternoon to hear Hon. William Jen-  
nings Bryan at Anaheim. He was one  
of those fortunate to have a ticket,  
being leader of the Y. M. C. A. here.

Mrs. James Kerr spent several days  
with her sister in Los Angeles this  
week.

Edward Maes and family, one mile  
east of Westminster, who were so un-  
fortunate as to lose their house and  
all its contents by fire started by the  
children throwing lighted matches in  
the wood-box last Thursday afternoon,  
are camping in the barn. Their wants  
have all been supplied by relatives  
well able to help them. Mrs. Maes'  
mother came from Oxnard Friday,  
bringing many necessary things. The  
lumber for their new four-room house  
arrived on Tuesday and work on it  
was begun on Wednesday.

## WESTMINSTER NOTES

"Dr. E. S. Reed is at Long Beach this

Smithling, who will spend some time  
at home recuperating from her recent  
illness.

Nine names have been received by  
J. J. Pyle as members of the Red  
Cross, which will be organized as soon  
as enough names are received. Bed  
and table linen are solicited for hos-  
pital supplies. Mrs. Pyle attended the  
Federation of Women's Clubs in  
Pasadena recently. The Red Cross  
Society needs every woman who knows  
how to knit socks as these outdoor  
suits of the ordinary kind. At the  
Hotel Maryland, she said, no one was  
idle, but all the women were knitting  
socks. Mrs. Pyle has just completed  
nine pair of hospital slippers to add  
to the supplies already received.

## Lemons Beautify! Make Quarter Pint of Lotion, Cheap

Here is told how to prepare an inex-  
pensive lemon lotion which can be  
used to bring back to any skin the  
sweet freshness, softness, whiteness  
and beauty.

The juice of two fresh lemons  
strained into a bottle containing three  
ounces of orchard white makes a  
whole quarter pint of the most re-  
markable lemon skin beautifier at  
about half the cost one must pay for  
a small jar of the ordinary cold  
creams. Care should be taken to  
strain the lemon juice through a fine  
cloth so no lemon pulp gets in, then  
this lotion will keep fresh for months.  
Every woman knows that lemon juice  
is used to bleach and remove such  
blemishes as freckles, sallowness and  
tan, and is the ideal skin softener,  
smoother and beautifier.

Just try it! Get three ounces of or-  
chard white at any pharmacy and two  
lemons from the grocer and make up  
a quarter pint of this sweetly fragrant  
lemon lotion and massage it daily in-  
to the face, neck, arms and hands,  
and see for yourself.—Adv.

## PAGEANT WILL BE POSTPONED IF IT STORMS

Announcement is made that if it  
is raining at 7 o'clock tonight the  
Princess will be postponed until to-  
morrow night, and if rain interferes  
with the plans tomorrow night, the  
production will be given Monday night.  
Last night's rain did not do any  
damage to the work which had al-  
ready been done for the performance.  
Everything is in readiness for the  
big play tonight and a hard rain at  
7 o'clock only will prevent the pro-  
gram being carried out.

The seats are arranged in the  
driveway in front of the adminis-  
tration building and not on the lawn.  
The management ascertained late  
this afternoon that it could retain the  
costumes as late as next Tuesday  
night if necessary, and if rain inter-  
feres tonight, the play will be given  
the first evening of fair weather.

PARIS, May 18.—Arrival of a num-  
ber of Japanese gunboats at Mar-

The New York Herald today printed  
a story asserting that a contingent of  
Japanese troops had been landed at  
Marseilles on April 29, according to  
information received in New York.  
The Japanese forces, it was said, will  
fight side by side with the Russians  
on the west front.

## THE JOHNSON FORCE

Those of us who proudly marched to the polls and cast our votes for Hiram W. Johnson for United States Senator from California have watched with equal pride the work of that same Hiram W. Johnson in the United States Senate. In the present period of strain, when senators and congressmen are shaping the course of a nation that is destined to take a tremendous part in the most tremendous war that humankind has ever dreamed of, when the eyes of the world are upon Washington, United States Senator Johnson of California has stepped to the front as one of the foremost, ablest men among the legislators sitting at the nation's capitol.

His judgment has been sound. The same force of character, the same clarity of vision, the same intense desire to follow the path of governmental righteousness, the same fighting spirit that made him California's greatest governor, are today denoting him as one of the biggest of the big men at Washington.

Traditions that have long been considered a wall against effective activity of a national legislator during his first term of office have been swept aside by this stalwart, able son of the Golden West. With characteristic effectiveness he has taken a lead in the discussion and decision of affairs of great consequence.

His work has just begun. In the next few years this nation will have more great problems to solve than it has ever had in any like period in its history. Fortunate indeed is California that it had a Hiram W. Johnson to send to the council of the nation.

With the arrival of the American torpedoed destroyers in British waters, we feel a tinge of renewed interest in the war in Europe. We are brought closer to the great world contest. While our flag has appeared at the front upon a number of aeroplanes and upon ambulances driven by Americans, the arrival of the destroyer fleet was the actual entrance of our fighters into the conflict. The vessels were ready for action the minute they arrived on the other side of the Atlantic. The work of that fleet will put a new interest into the warfare against the submarines.

## With Malice Toward None

By Henry James

Establishing an Ethical Code  
An eastern court has ruled that the tired business man may kiss his typist, and no harm done. Of course there are circumstances that might make such a ruling superfluous.

If a man's wife happens to be acting as his typist, the question of propriety would not arise. If his typist is a male, the chances are against any confusion on the point. If aged and homely and a spinster, the typist would be safe from osculatory attack.

In the case that the court considered the typist was feminine, young and fair. The judge considered that the employer then had a right to bestow a respectful kiss not altogether as a refreshing of the tired business man, but as a token of his gratitude for a task well done. Naturally, the mental attitude of the typist toward the performance would have to be regarded as an equation.

There's a kind-hearted judge, all right. A glimpse at his own typist would be interesting and instructive.

## A Bothersome Factor

Just as the debate over the press censorship bill was at its height, and the sentiment that a free press should not be hampered was steadily gaining, La Follette had to break loose in his pro-German magazine to prove that at least one editor ought to be suppressed.

La Follette is nothing but a bother. When the senatorial rush of legislation is over, it is hoped his learned associates will take up the matter of disciplining him.

## The Valiant Citizen

Not long ago a servant girl was discharged from a Los Angeles household, but refused to go. After she had hung around, annoying the family, the head of the establishment fired her bodily.

It is a wonder that any man so bold as that has kept out of the war.

## The Political Watchtower

It is off-season, and the awakening of the Watchman is not to be expected at this time of year. However, he has blinked a couple of times, and is now reported to be yawning a bit. Likely as not he is beginning to stretch himself so that along about next fall he can begin to see things having to do with the elections of 1918.

Along about October he will have visions of candidates nosing around the county trying to find out how the land lies. Along about that time more than one man whose name has not yet been mentioned or otherwise juggled will be out gently scouting over the pavement seeking the building of gasoline fences for the coming struggles.

It is no time of year for the Watchman to be awake, but he offers no excuse further than that he has discovered something doing.

During the past week numerous newspapers of Southern California have received envelopes sent forth by Clyde Potter, who is an advertising man for the Southern Counties Gas Company. The envelopes contained a political hint. Still there is no reason to faint. The word hint has a number of meanings. It means, among other things, a stratagem.

According to the item sent forth by Potter, friends of Lefroy M. Edwards of Los Angeles are trying to persuade him to run for governor of California. Attorney Edwards was born in Santa Ana and when a boy he went to school here. Afterward he graduated from Stanford. He has made good as a lawyer. There is no doubt about that. He is now associated with the law firm of Hunsaker & Britt of Los Angeles. He has been here on a number of occasions as attorney for the Southern Counties Gas Company, which may explain how it comes that the gas company's advertising man comes to know him.

The information offered to the press says that "Edwards' friends argue that although Edwards has not accepted the offer to run on the Republican ticket, they believe that they will be able to persuade him to make the race next year."

This thing of being mentioned, this thing of having friends urge you to run, this thing of having delegations wait upon you and laying at your feet all the glitter of a crown of political glory, this thing of having papers give you a write-up as a possibility for official honors and salary—the Watchman has seen enough of that kind of thing to fill a library.

Either Attorney Edwards himself really and truly wants to run for governor, and is taking this method of gently breaking the news to the public, or he or his friends believe that it will be good advertising for him to even be mentioned by newspapers as a possibility. It is good advertising for any man to be mentioned sincerely as a candidate for governor of California. It is quite a compliment all by itself. It is one that might well be worth having a specialist in advertising work out for you.

If Edwards really wants to run for governor, we have no quarrel with him over the way he plans his campaign. If he thinks it is time to start the ball rolling, well and good. If he can get the newspapers to do the men-

Washington in which the board of defense has had quarters, for which Mr. Munsey charged such rent that the entire appropriation for the board seemed likely to go to him.

There are various ways in which the citizen shows his patriotism.

## Taking the Pledge

Thousands of American men have quietly decided that for the period of the war they will not drink any beverage made from grain.

By the time the war is over they will be fixed in the habit of abstinence.

Into the discard goes the saloon. Good-bye.

## Too Fresh

Mrs. O. H. P. Belmont sought to get the ear of Mr. Balfour and pour into it her ideas concerning woman suffrage.

Probably Mrs. Belmont has done more harm than any other one woman to the cause of suffrage, partly that she is too militant, but more that she is too fresh.

## Probably the Explanation

"New York Sun Makes Itself Ridiculous."—Headline.  
In permitting itself to be sold to Munsey?

## Barbers in Line

Barbers are said to favor prohibition because they object to a whisky breath

tioning in the usual indefinite way without any more actual authority than that encountered in the words "his friends are urging" well and good.

"But if Advertising Man Potter is merely pulling some advertising for his friend, we feel that we have given the matter far too much time and space already."

The Watchman has a decided opinion as to which of the above two paragraphs points the way to the real intention of the advertising man, but after calm and deliberate consideration, he has decided that he will leave it to you to pick out your own paragraph.

So far as the gubernatorial race is concerned, there is up to now but one candidate in the field, and that candidate is Governor William D. Stephens, and any person in California who thinks he can go out and trim Governor Stephens next year is counting on a landslide that no one else knows about as yet.

Up around Sacramento the men who are interested in politics have been saying that Governor Stephens is not going to have any opposition for reelection, if he continues to hold down the job as he has since he took it over.

Locally, there has been mighty little said about candidates and possible candidates lately. So far as can be determined, it is a good guess that nearly all of the present county officials will be candidates for reelection. However, a year may make a mighty difference in the intentions of any one of them. You will remember that a few months before election in 1914 a county recorder stepped down and out, which made all the difference in the world in the race for the recordership. Such a thing might happen again, though there is at present no rumor of a resignation.

There is a little excitement on just now. That is, it is exciting for a few persons. The chief excitement centers in Clinton Ames, more often called "Red." The Watchman saw Red standing on a street corner a few days ago. He was face to face with Supervisor Finley, and he was certainly causing a lot of words to the second. Colonel Finley was saying nothing. He was just listening acutely to the words that were being spoken with great earnestness and forcefulness.

Red Ames has his eyes—both eyes—on a courthouse appointment. He wants to get his feet on the appointment, too, and that undoubtedly was what he was saying to Colonel Finley. Red wants to be county sealer of weights and measures. He sees no reason on earth why he should not be sealer of weights and measures, for he feels morally certain that he can seal and can weigh and he can measure. All he has to do is to get three votes. That is another thing he was talking to Colonel Finley about—one of these three votes. If Red could get Colonel Finley and two others of the county board to vote for him, why, he would have the job and the wages that goes with it, and his ambition of the last many months would have been realized. If Red fails to muster those three votes by the first of July he will have another long wait of four years in front of him.

## SPORTS

By H. C. Hamilton

NEW YORK, May 18.—Jess Willard has not met an opponent in the ring for more than a year.

Willard has spent his time traveling around over the country with a circus, drawing a huge salary through the power of his name, showing the people how he knocked out Jack Johnson and brought back the title to the white race.

Tom Jones, the barber, has traveled with big Jess and has spent most of his time assuring the newspapers that Jess would fight whenever the opponent was found who could stand in the same ring with Jess without melting from pure fright at merely beholding the huge bulk of the world's heavyweight champion.

John L. Sullivan, James J. Corbett, Bob Fitzsimmons, Jim Jeffries, and even Jack Johnson must have chuckled themselves almost into hysteria by this time by the mere consideration of such a champion—a champion who dares not, or refuses to fight.

Willard is wrong when he says there is no one worthy of a match with him. Even though he is backed by Tom Jones, Jack Curley and the rest of them he is wrong. Not only is there one man who would be acceptable for a match with the champion, but there are at least two.

Willard has contented himself by turning down the insistence of Carl Morris by the assertion that Morris is no card. "Morris," he snarled declared, "would not draw a house of \$10,000."

Absolutely wrong. A championship match between Jess Willard and Carl Morris—or a championship match between Jess Willard and almost any heavyweight that could be named would draw an enormous crowd. The only thing the public would ask would be to hope that the promoters considered their tastes enough to stage the affair somewhere outside of New York or Wisconsin—where a decision would settle disputes before they started.

Fred Fulton would be a good opponent for the champion. It isn't anything to snicker about, Fred Fulton or Carl Morris either would make the fat and incompetent champion step rather lively to keep the gilt on his crown from being tarnished. It's about time he began to show signs of life. The fight fans want it. He can't hold off much longer—and he'd better grab before the grabbing gets too hot for him.

## PRETTY BIRTHDAY

**Tiny Eleanor Mitchell Was Just Four Yesterday, Celebrates With Friends**

Little Miss Eleanor Mitchell, baby daughter of Mr. and Mrs. Charles Mitchell celebrated her fourth birthday yesterday afternoon at her home on South Broadway, with a group of her friends.

The living room, where the small folk played and made merry, was bright with pink carnations and ferns and some of the mothers were present to enjoy the pretty picture.

The children were served with ice cream, cake and candies in the living room, which was daintily trimmed in pink and white. From the electrician streamers of crepe ribbon and the table was centered with a graceful basket filled with honeysuckle and sweet peas and topped with loops of pink tulle.

The favors were little pink baskets filled with pink and white candies and the birthday cake was iced in pink with four pink tapers. An individual candle twinkled at each corner.

The honored little lady received a number of nice presents and during the afternoon, Mrs. Mitchell was assisted by her daughter, Veda, and Loren Cannon.

The guests were Dorothy Preble, Ruth Owens, Margaret Galpin, Dorothy and Bernice Ramsey, Margaret Turner, James Lash and Ernest Galpin.

The annual reports were especially encouraging. Mrs. C. E. Price gave a splendid account of the Fourth District Congress of Mothers and P. T. A. at Olinde.

The kindergarten received the picture and Miss Paul's room having the highest percentage of attendance during the year, has the picture to keep at the close of the year.

The following officers were elected: President, Mrs. H. M. Robertson; first vice president, Mrs. J. U. Vian; second vice president, Mrs. C. E. Price; secretary, Miss Mary Giffin; treasurer, Mrs. A. J. Alberts.

Motorcycle Officer Ballard arrested him, but Ballard found the attorney's speed to be over thirty-five miles an hour. Wadham sends the justice a clipping in which the sentiment is expressed that motorists ought not to disturb motorists going fast out in the country when no other machines are around.

**ON 'SLAVE MARKET' IN**  
**CHICAGO ARE HINTED**

CHICAGO, May 16.—Tramp, tramp, tramp the boys are marching, but they won't enlist, seasoned old campaigners of the road through they be. These particular "boys"—whose rendezvous is the Chicago "slave market" on Madison street near the river, are variously known as brindle stiffs, ear chawers and members of the Complete Rest Society. Because of their numerous presence in the block which boasts more employment offices than any other in the world, recruiting offices have dubbed the place "Slackers' Lane."

There are perhaps 2,500 of these knights of the highway. With other citizens who toll not nor spin, they have been wintering in Southern California and Florida, but now they are flocking back to their old haunts. Why they congregate among the employment agencies nobody knows. The agencies mean nothing to them. Because of these agencies, the I. W. O. dubbed that part of Madison street the "slave market."

At foraging for provisions, recruiting sergeants believe these gentlemen would prove an asset to any army. Uncle Sam needs fighters, but when the recruiters invaded "Slackers' Lane" their appeals went unheard.

"What has the government ever done for me?" was a stock reply. The mobilization of unemployed grows daily. With selective conscription as authority, old-fashioned "press gang" raids may be directed against the slave market.

Wheeler's stature was said to have been decreased as a result of carrying sacks of cement.

Tomorrow is clean-up day in Santa Ana. The Public Improvement committee of the Chamber of Commerce hopes to have every nook and cranny in the city cleaned up by tomorrow night. Will the citizens of Santa Ana make possible the realization of that hope?

It has been gratifying to the committee as well as to the captains of the various districts of the city to note the activity in all sections in the cleaning up of premises. Many parking yards, many vacant lots, many back yards, have been cleared of objectionable weeds and trash in advance of the big day. There has been a changed appearance in the city all ready—it is expected the change will be still greater after tomorrow.

City teams will start bright and early tomorrow collecting trash accumulated by cleaning processes, and the teams will be busy all day—if they find enough trash to keep them busy.

N. Travis, captain of the northwest district, has named the following aides: H. R. Gruenewald, J. E. Pool, J. M. Pearson, E. L. Hasty, A. H. Fendell and V. Dubois.

J. M. Akin, captain of the southeast district, will have the following field officers: W. L. Carey, J. O. Baker and Mark Cloyes.

As the result of the wrecking of an automobile at the P. E. crossing at Dehl on July 8, 1916, two more damage suits were brought today against the Pacific Electric. In the wreck, Rev. George W. Coultas, a Methodist pastor at Whittier, was killed, and his wife and sister-in-law, Miss Carolyn A. Baker, were injured.

Several months ago Mrs. Coultas brought suit for \$25,375 damages for the loss of her husband. Today her attorneys, Simpson & Simpson, of Pasadena, filed two new complaints. In one Mrs. Coultas asks for judgment of \$5000 for personal injuries. The complaint states that she suffered a great shock and one arm was badly bruised, and her nerves were shaken.

In the other, Miss Baker asks for \$5035 for injuries received by her. Shock and bruises and the partial paralysis of a limb are alleged.

The trial of the action for damages for the death of Rev. Coultas has not occurred. In that case the railway alleges that the accident was due to the carelessness of Rev. Coultas.

WASHINGTON, May 18.—It isn't necessary to be militant, dress in khaki, or march to an office to give war aid to the country, according to a message to women issued by the secretary of agriculture today.

"Make economy fashionable lest it become obligatory," is the note he sounds. "Demonstrate thrift in your homes and make saving rather than spending your social standard."

**DONATED, ST. LOUIS**

ST. LOUIS, May 16.—More than 5,000 vacant lots in the city are available, free of rent, to persons wishing to convert them into gardens, tennis courts or playgrounds. They will be assigned without cost to applicants at the headquarters of the Thrift Gardens committee, 710 Locust street, which is connected with the St. Louis cleanup and paint-up campaign.

It is estimated that a garden 50 feet long and 25 feet wide will supply a family of six with fresh vegetables and yield produce worth from \$50 to \$100 each season, the only expenditures being labor, \$2 for seeds and \$5 for fertilizer. The movement is considered particularly apropos at this time, when economy and the conservation of food resources are more than ever necessary.

## PLEASANT PARTIES MARK PAST WEEK IN SOCIAL AFFAIRS

### Home of Mrs. Effie Crawford Scene of Double Event in One Monday

The home of Mrs. Effie Crawford was the scene of a double surprise party last Monday night. Several of her Tustin friends went out to her home to give her a surprise on her birthday and after their arrival another party, in larger numbers, of relatives and friends, a good many from Santa Ana, came in to the amusement and surprise of the first party. They all combined to have a happy time, and games and music kept up to a late hour.

The self-invited guests served delicious refreshments. Mrs. Crawford was highly appreciative of their thoughtful remembrance of her birthday.

Those present were Mrs. M. A. Bailey, Lou Bailey and Miss Hazel Bailey, Mr. and Mrs. F. H. C. Ritter, Mr. and Mrs. Harvey Ritter and family, Mr. and Mrs. A. R. Marshall, Mr. and Mrs. Newcomer, Mr. and Mrs. Alvah Ritter and son Stewart, Mr. and Mrs. Earl Elliott and family, and Miss Howard.

### Birthday Party

A jolly time was enjoyed by the boys and girls who were invited to enjoy a birthday party given by Truscott Lindsay last Saturday afternoon, at his ranch home on Newport road.

Athletics and games of various kinds made the afternoon a time of pleasure; running races, high jumps and broad jumps and ball playing. The fun terminated in a wienie bake with which were served buns and pickles.

The party comprised Foster Prather, Theron Sauters, Fred Croddey, Charlie Thorman, Glenn Fuller, Maives and Helen Campbell, Virile Kelley, Keith Beisel, Ronald Pollard.

### Birthday Remembered

Mrs. Harry Brookbank, at her home on Third street, entertained Monday afternoon in honor of the birthday of her mother, Mrs. Virginia Brookbank.

The ladies were busy with needlework, and music on the phonograph helped to pass the time pleasantly. Delicious ice cream and cake were served.

Those present were Mrs. William Sharp, Mrs. John Taylor and children, Mrs. Gavin Baxter, Mrs. L. Kiser, Mrs. Hawkins, and Mrs. Harry Brookbank and little son Eugene.

### Birthday House Party

Elizabeth McDougal, little daughter of Rev. and Mrs. W. S. McDougal, was hostess at a house party to celebrate her birthday last Tuesday afternoon and night. Her teacher, Miss Grace Casner, and friend Eileen Young, were her guests after school hours.

They were taken by automobile by Mr. McDougal to Orange County Park for the afternoon and enjoyed a good time. Returning home, a delicious supper was ready and the guests remained all night, after an evening of pleasurable events.

### Surprise Party

Mrs. M. E. Ladieu was given a genuine surprise and a delightful afternoon Tuesday when about twenty-five of the ladies of the Advent Christian

church came to the parsonage to show their appreciation of their pastor's wife and helper.

Several little poems were read by Mrs. J. H. Brown, setting forth the sentiments which prompted the gathering, and songs were sung by Miss Howell. As a token of their love and esteem, Mrs. Ladieu was presented with a substantial purse by the ladies present.

After the short program, a social time was enjoyed and the self-invited guests served fruitade, wafers and cake.

## MISSION WORK IS DISCUSSED

### Woman Who Lived in Siam Makes Address Review ing Conditions

At the meeting of the Tustin Presbyterian Missionary Society, held Wednesday afternoon at the home of Mrs. T. R. Overton, there were about forty women present. The usual order of business was for the most part omitted, as Dr. Mary Irwin, a returned missionary from Siam, was present and gave an address on mission work among the people of Siam, which proved so interesting as to suggest many questions from her listeners and occupy the afternoon delightfully.

She first led her hearers to locate Siam on the world's map south of China. The Siam church is a child of the Presbyterian church. In a division of mission fields Siam was apportioned to the Presbyterians.

An interesting part of Dr. Irwin's address was about the customs and habits of the people. Some of her patients told her that they did not like the odor of white people. The climate is very warm and it is necessary for white people to wear freshly laundered clothes every day, but the Siamese do not like the odor of soap and starch.

The opportunity is afforded the missionaries to tell the patients something of the religion of Christ while they are in the hospitals. The conditions among the people of that country which the missionaries mostly deplore are "the debased womanhood, the forgotten motherhood and neglected childhood." Children are given no attention at all until they show that they are strong enough to grow up.

Dr. Irwin went to Siam twenty-one years ago, when missionary work was in its infancy. The people are gradually learning to appreciate the work. Some years ago the missionaries were given a small island upon which to locate a lepers' colony. There the lepers, of which there are many thousands, have been given a suitable home. A remedy has been discovered which seems destined to work out a cure in many cases. The Gospel of Christ is taught in the lepers' colony, and it is a source of great comfort to them.

Some dress fabrics were shown by the speaker and also the way in which they are worn.

Mrs. Overton's home was conveniently arranged with three pretty rooms thrown into one. Big bunches of pink and white sweet peas were the fragrant decorations used and the central location of the meeting place was a comfort and convenience to the ladies.

The report of the delegate to the Presbyterian was postponed till the next meeting. Mrs. C. P. Marshall was appointed delegate for next month.

E. A. Ward & Co. continue to live up to their slogan of "Quality, Quantity and Price," in spite of the high prices of foods.

## TWO MOTHERS TELL

How Their Sickly Children Were Made Strong and Well

For six years our little girl suffered from a bronchial trouble, she had no appetite, could not sleep and was so nervous we had to keep her out of school. The doctors said nothing but a change of climate would help her. We were discouraged, when one day a friend asked us to try Vinol, and after taking six bottles she does not look like the same child. She has a fine appetite, is lively, healthy and well, and Vinol did it all." Mrs. F. E. Hufford, Iola, Kas.

Another child made strong:—"The measles left my little girl thin and delicate, and the doctor's medicine did not seem to build her up. I read about Vinol and got a bottle, and her improvement was rapid, her strength returned and she is now as well as ever." Mrs. E. Linot, Pittsburg, Pa.

We ask every Santa Ana mother of a frail, sickly, ailing child to try Vinol on our guarantee to return their money if it does not restore her child's normal health. Rowley Drug Co., Santa Ana, also at the leading drug store in all California towns.

There are three special offers in fruits, granite-ware and coffee at Sauers & Bergquist that you should take advantage of immediately.

Programs are out for the three-day course in poultry husbandry, to be given by the University of California at Pomona on June 19, 20 and 21. Many of the Riverside poultrymen are planning to attend the course at Pomona this year.

On the first two days and the morning of the third the school will be conducted in the Pomona high school building. After the morning lecture on the third day, everyone will go to Ganesha Park, where a picnic will be held during the noon recess, and in the afternoon the last lecture will be given there.

On Tuesday, June 19, the lectures will be on "Housing and Yarding Poultry" and "Feeding for Profitable Production;" on Wednesday, "Vital Facts in Incubating Chicks," and "The Principles of Successful Brooding;" and on Thursday, the last day, "Principles of Poultry Breeding" and "Selecting and Culling the Layers."

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Aurora, Ill.—"For seven long months I suffered from a female trouble, with severe pains in my back and sides until I became so weak I could hardly walk from chair to chair, and got so nervous I would jump at the slightest noise. I was entirely unfit to do my housework, I was giving up hope of ever being well, when my sister asked me to try Lydia E. Pinkham's Vegetable Compound. I took six bottles and today I am a healthy woman able to do my own housework. I wish every suffering woman would try Lydia E. Mrs. G. H. Eveland, Duncan Mills, Ill., writes the following letter: "I was stricken down with lumbago and was unable to turn myself in bed. A neighbor brought me a half bottle of Foley Kidney Pills, and said she had been similarly afflicted and that they had helped her. So I tried them and was completely relieved by the use of two or three bottles. I have had splendid success with them and have never known them to fail. Mrs. N. C. Thornton, who has been visiting her mother, Mrs. Antone Stefanazzi, left Wednesday for her home in Seattle, on the Shasta Limited from Los Angeles. Mrs. Thornton, with her children, Norma and Wilbur, came from the northern city March 8, and has spent the time here and with friends in Long Beach, her former home. She is enthusiastic over Seattle's summer climate, but one who is accustomed to the almost continuous sunshine of Southern California, can not readily become reconciled to the long rainy season and the use of electric lights in the day-time. Her husband is employed in the ship yards, and has an offer of \$400 a month in Canada, which is one-third more than he is now paid. He prefers to remain in Uncle Sam's land for the present, at least.

Students of Adventist School  
to Be Assisted In Musical  
By Outside Talent

Prof. and Mrs. Knapp, teachers at the Adventist school, have been training the young people for a cantata, "David the Shepherd Boy," which will be presented at the Methodist church Saturday evening, May 26th. Soloists from Glendale and San Fernando will assist in the entertainment. Everyone is cordially invited to be present and enjoy a musical treat. A silver offering will be taken.

The air of refinement surrounding the pupils who have been fortunate enough to receive the careful training given by these capable teachers during the past year is manifest to even the casual observer.

**Delegates Make Reports**  
The W. C. T. U. met Wednesday at 2:30 p. m. at the home of Mrs. O. O. Young, with the president, Mrs. W. B. Harper presiding. Mrs. A. J. Chaffee had charge of the devotions. The subject was "Purity." The leader, Mrs. Louis Beardsley, being absent, Mrs. Spain substituted for her and gave some very interesting points on the subject.

The delegates, Mmes. Harper, Cook and Amos, to the county convention at Anaheim April 17 and 18, gave very interesting reports. Mrs. Amos gave several extracts from the address by Mrs. J. H. Scott on the incompetency of some mothers and housewives in these hard times. "Some do not spend wisely but too well," one family running a bill of \$50 for one month, \$12 of which went for cookies and bananas.

In the report of Mrs. Tedford on "Scientific Temperance," she proposed as a poster for the coming year "The boy who smokes cigarettes need not worry about his future career—he has none."

In the report of Mrs. Nelson Cook she gave some extracts from the report of Mrs. Yoeman, president of the Anaheim Union, who has been in the work since she was eighteen and has seen the wonderful growth of the Union. She said in part:

"Women's clubs throughout the

country have passed resolutions asking their members to vote for prohibition. The great word today is 'Peace,' and another word with a big P is 'Prohibition!' We believe in the doom to monarchy—Death to King Alcohol, and Liberty to Humanity."

A child eight months old was dedicated to the cause of temperance.

The state convention will be held at the Methodist church, Sixth and Hill, Los Angeles, May 22 to 25. Mrs. George Rolfe was elected delegate and Mrs. Amos, alternate.

The next is "Mother's Meeting" at the home of Mrs. George Rolfe, June 20th. Mrs. Fulwider joined the Union.

Delicious refreshments were served by the hostess.

**Epworth League Celebration**  
The Epworth League celebrated its twenty-eighth anniversary Sunday evening at 6:30 o'clock.

A cake with twenty-eight candles was one feature of "tasteful" enjoyment. Officers were installed for the coming year as follows: Wayne Holt, president; Miss Pearl Crutchfield, first vice president; Miss Lelia Chaffee, second vice president; Miss Hattie Brown, third vice president; Miss Agnes Christensen, fourth vice president; Gladys Fritz, secretary; Archie Struck, treasurer.

The league has a large membership and always has a good attendance and is a source of great pleasure and spiritual growth to all who attend.

**Open Meeting Saturday Evening**  
The Community Club of Berridale met Friday afternoon at the home of Mrs. Henry Belt, with Mrs. Charles Graham as hostess. Following the usual business routine, the time was spent with needlework. Service of tempting refreshments by the charming hostess closed the meeting. The club meets in two weeks at the home of Mrs. Jerome T. Lamb.

Once each month the club is hostess at an open meeting in the evening for the families of the members.

The open meeting will be Saturday evening at the home of Mrs. Jerome T. Lamb. Such meetings add great pleasure to the life of a community.

**Sermon Interesting**  
Some of the interesting points in the sermon by Rev. Reinius at the Methodist church Sunday morning on the subject, "The Master Force in Character," was "Civilization," with the text, "And Everything Shall Live Whither the River Cometh," were: Ezekiel, like John, like Dante, was an exile. He traveled the rough ways of sorrow and the tearful paths of solitude. His vision occurs at an interesting point in the long distance between the vanishing Garden of Eden and John's dream of the Holy City. It is a scene out of the struggle of humanity, long after Eden has been lost, long before the city comes in sight. Man is going upward and onward. This is what Ezekiel teaches. The vision is a picture of an efficient moral motive power for man's life individually and collectively. That momentous issues depend upon personal character all will acknowledge. Dynamics of the most mysterious and magnificent order and of sublime intensity are necessary to convert the possibilities of human nature into actualities. Something more is required than sufficient knowledge, good judgment and common sense. The world has not lacked moral codes in which virtues have been defined with great precision and beauty and enforced by eloquent arguments, yet these ethical systems fail to assert themselves and defy unfriendly environments. Ezekiel's vision makes even the Dead Sea tremble with life. If man is to know his highest aim it can only be as he knows Jesus Christ—the Master force.

It is true in national life as well. The conditions of national growth are not natural nor military but spiritual. It is God that we need nationally. All life is dependent on Him and in this hour of questioning as to our responsibility to our country let the prophet's vision make this truth real to us, that our most valuable gift to our nation is our contribution to its spiritual life. "In Him we move and have our being."

**Boosting "War Brides"**  
Mrs. Alex P. Nelson, chairman of Home Economics of the Woman's Club and Mrs. Leonard Obarr of Huntington Beach were in town Thursday in the interest of "War Brides," which will be given at the Princess Theater at Huntington Beach Tuesday evening, May 22, under the auspices of their club for the purpose of raising money to apply on a club house recently purchased. They will have music by the band and other special music. They extend a cordial invitation to all and a special invitation to the Tuesday Afternoon Club.

Admission, adults 25 cents, children 15 cents.

**Queen Esther Circle**  
The Queen Esther Circle met Wednesday evening at the home of Mrs. Emmet Smith. Luncheon was served by the charming hostess. The table and room were beautifully decorated in red, white and blue, the color scheme being carried out even in the dainty place cards. A business meeting followed. An entertainment was planned for early in June, the nature of which will be announced later. The following officers were elected for the ensuing year:

Mrs. Jessie Dungan, president; Miss Elizabeth Brown, vice president; Miss Stella Tournot, recording secretary; Miss Gladys Barnes, corresponding secretary; Miss Elsie Davis, treasurer; Miss Hattie Brown, mite-box secretary; Mrs. Etta Swazy, supply secretary.

Herbert Ellis, wife and daughter, Deletha, spent Tuesday and Wednesday at the home of his parents, Mr. and Mrs. R. W. Elliott.

LOS ANGELES PRODUCE MARKET  
Vegetables continue to soften in price, and values are getting down to a reasonable basis again. Cabbage was quoted yesterday at 3 1/2 cents a pound, and parsley, radishes and spinach can now be had for 20 cents a dozen. Root vegetables are firm, but a drop in prices is due almost any time.

Old crop potatoes were marked up 25 cents a hundred pounds Thursday, and prevailing quotations for the same today are \$4.50 to \$4.75 a hundred weight. New spuds continue unaltered at \$1.55 to \$1.70 a lug. Slow maturity of the new crop has caused a scarcity of potatoes in this market at the moment, and for that reason dealers feel that they are justified in asking more for old potatoes, which are rapidly cleaning up. All reports agree, however, that the new crop will be a huge one, and when the same begins to move in earnest, values may be expected to tumble.

The secretary of the association, Andrew Cook, of the San Joaquin Fruit Company, gave notice that the meeting was to be one of the most important of its kind ever held in this section and it is expected that the attendance will be large.

The meeting is scheduled to open at 7:30 tonight.

HUBBY'S LADYFINGER  
QUEST IN CLOTHING  
STORE STUMPS CLERK

"Have you ladyfingers?" This question put to Walter Vandermast, at the Vandermast clothing store by a would-be customer, stumped Vandermast for the first time in his long experience in meeting demands of customers for gents' clothing and furnishing goods.

"Ladyfingers—er—why, I don't recognize what you want, under that name," stammered Vandermast.

"It is something for women, and that is about all I know about it. My wife told me to bring her home some ladyfingers," replied the customer.

After several questions in an effort to find out what the customer wanted, Vandermast was about to confess entire ignorance of what class of article the man was in search of, when Murray Vandermast came to his assistance and relieved an embarrassing situation by suggesting that the customer probably wanted bakery goods and directed him to the Dragon.

"Well, I wouldn't expect to find ladies wearing apparel at the Dragon, but I will go and see what they have," replied the patron, and he left the store in a hurry. He did not return to Vandermast's and it is presumed he found what he wanted.

YOUNG PEOPLE TO  
HAVE CHARGE FOR  
THREE SUNDAY EVES

The services at the Christian church for the next three Sunday evenings will be decidedly interesting. The young people have made the program. They will provide ushers and take the offering. They have selected the music, suggested the subjects, asked questions and their committee will be in charge of the services.

They have asked some of the teachers, judges and lawyers of Santa Ana to help them solve the problems of young people.

The addresses will be helpful in making those decisions that come to all young people and that should be made after careful thought and sympathetic counsel. A question box will be opened each evening. The questions already handed in, cover a wide range of thought.

What is wrong with the parlor dance?  
Should a girl marry a man to reform him?  
Should a girl kiss her boy friend good night?  
Is it right to work on Sunday?  
Should one attend motion pictures on Sunday night?  
How did we get our Bible?  
Is a lie ever necessary?  
Is flirting wrong?  
What is clean sport?  
Is it wrong to dress attractively on Sunday?

Is dice throwing gambling?  
Is it right for a fellow to have his fling?  
Does the Bible forbid dancing?  
How should one get married?  
Is applause contrary to the spirit of worship?  
Is innocence its own protection?  
These questions will be answered and other questions will be honestly dealt with.

A song service, led by a C. E. chorus, and the use of popular evangelistic hymns, will be a feature of each evening.

The first of these evenings with the young people will be on next Sunday evening. Prof. Hammond, principal of the high school, will discuss the question, "Can Young People Have Too Much Fun?"  
Rev. Lloyd Darsie will speak on the "Perils of Innocence."  
Mr. Carmichael, chairman of the young people's committee, will preside.

RIVERSIDE CHAUTAUQUA

Fiverside Press: The committee of guarantors of the Chautauqua met today at luncheon to conclude the business of the year, audit the bills and hear the report of the treasurer of the committee, E. M. Bonnett. It was found that Riverside's share of the profit from receipts of Chautauqua week amounted to \$70, and this sum was ordered deposited in a savings bank, to be held against need for next year's Chautauqua.

POLY PENNANT  
HOPES CRUSHED  
AT ORANGE BY  
14 TO 5 SCORE

Citrus Men Canter Away  
With County Gonfalon  
In Easy Style

The least said about it the better. That sums up the crucial game played over at Orange last night between the Bensonites and the local Polywogs. After the regulation nine rounds had been completed, after several stops, the score was figured up on Mr. Burroughs' latest machine and it was found that the neighboring city was the victor, 14 to 5. That's an awful score and no alibis can be offered excepting that Orange has the better team. That was all that Coach "Shorty" Smith of the locals had to say after the slaughter had been finished.

From the outset the conflict developed into a slugfest, two of the star hurlers of the teams being jerked off the rubber. "Dutch" Hinrichs, who, the winners claimed, could pitch seven games a week if necessary, was lunch for Smith's pets, four runs and six hits being garnered off him in the short space of three spasms. "Blondie" Morrison was just as easy, five scores being tallied on three safe blows. Benson gave Hinrichs the high sign and ordered Nuffer and the Dutchman to exchange places. Smith brought "Kid" Burke in from left to change with Morrison. Both of the new hurlers were soft pickings, too, but Nuffer had the better support and only one tally was sent around with him in the box. Burke blew up in the fifth and seven markers were pushed around the platter. Wretched support helped to aggravate matters. Holzgrafe's hand was badly swollen and the citrus boys stole everything he possessed except his smile. And after the encounter had subsided, the big captain didn't even have that left.

This concludes the list of games for the year unless a return battle is scheduled with Long Beach on the local grounds. In all probability the team, however, will check in their suits tomorrow and devote their energies the rest of the year to their subjects.

Only one thing stands out that is at all satisfying to the local rooters and that is that Hinrichs was not responsible for the Orange victory. He was hit and hit hard. From the first, Smith's boys got on to him and if he had been kept in the box, the score would have been closer at least. Raney started operations in the initial frame by connecting for a pretty triple to deep left. He stayed there while Burke and Tyrrell were fanning and came in when Vanderlip smashed a safety through pitcher's box to center field.

"Dutch" got by the second all right but got into hot water in the third. Morrison drove a hit to right and Raney repeated to left. Burke sent a buzzer down the third base line that went for two bases, Morrison crossing the platter. Raney scored and Burke advanced on Loescher's poor return. Tyrrell singled infield, Burke scoring. The next three men were easy outs.

The final Santa Ana tally came off Nuffer in the fourth. Bryan drew a pass and stole second. He went to third on a wild pitch and came home on Raney's third hit, an infield drive that his speed enabled him to beat out.

Orange's tallies came so rapidly and there were so many of them that a chronicle is altogether out of place. The score:
